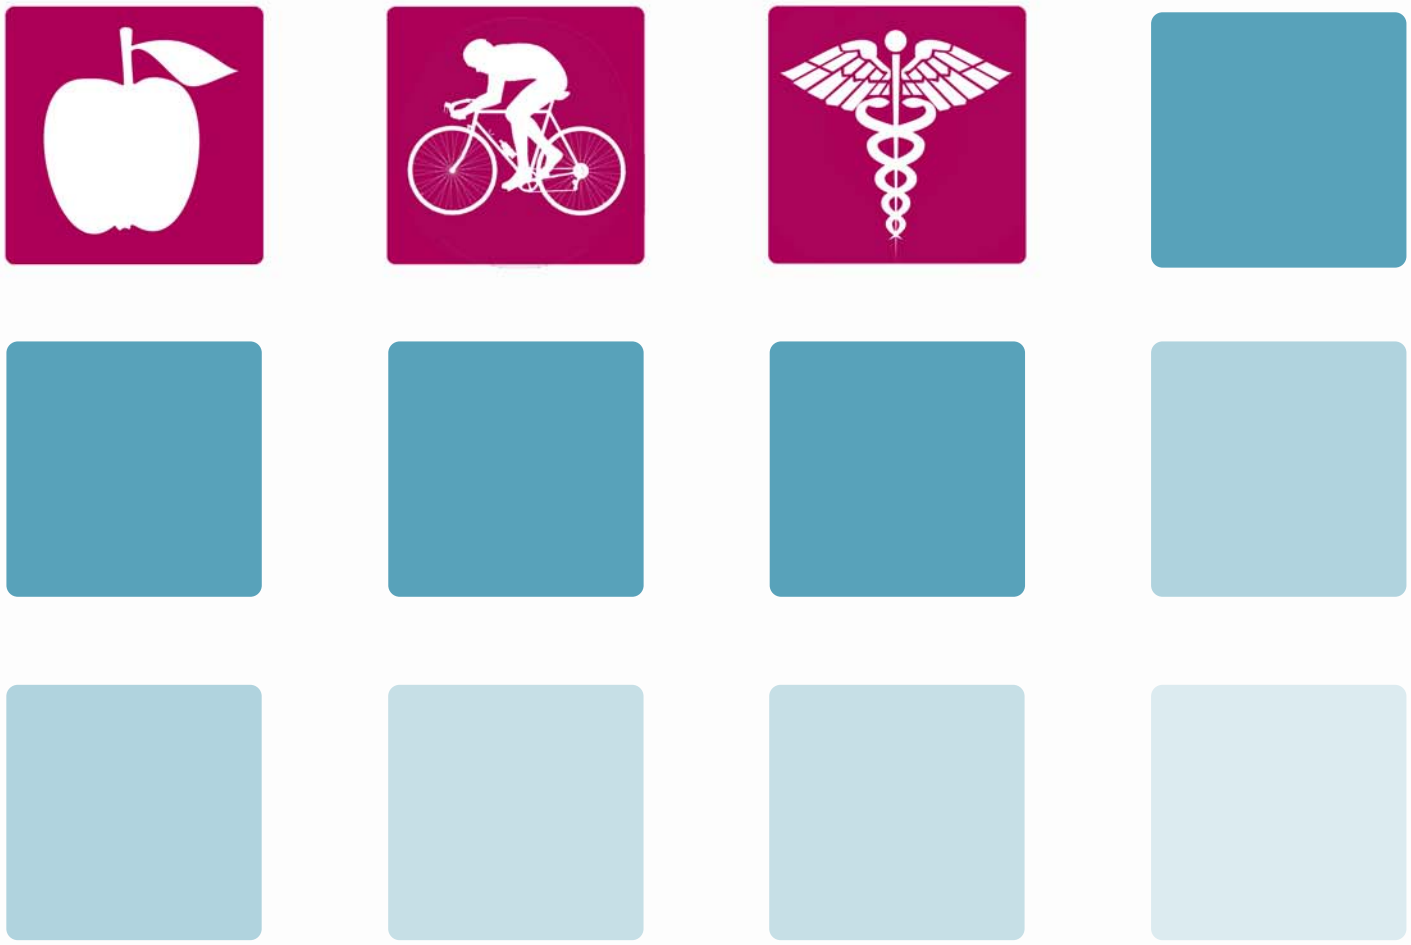
SHPPS 2006
SCHOOL HEALTH POLICIES AND PROGRAMS STUDY

State-Level School Health Policies and Practices

A State-by-State Summary from the School Health Policies and Programs Study 2006



CDC
CENTERS FOR DISEASE CONTROL AND PREVENTION

DEPARTMENT OF HEALTH & HUMAN SERVICES-USA

3. HEALTH SERVICES

3. Health Services

Table 3.1 States with a Health Services (HSV) Coordinator and States That Require Each District and School to Have an HSV Coordinator 81

Table 3.2.1 States That Require Districts or Schools to Provide Health Services When Needed, by Type of Service 83

Table 3.2.2 States That Require Districts or Schools to Provide Health Services When Needed, by Type of Service 85

Table 3.2.3 States That Require Districts or Schools to Provide Health Services When Needed, by Type of Service 87

Table 3.3 States That Require Districts or Schools to Provide Prevention Services, by Type of Service 89

Table 3.4 States That Require Specific Immunizations or Vaccinations for Entry into Each School Level, by Type of Vaccine 91

Table 3.5 States That Require Specific Written Documentation Before School Staff May Administer Medication, by Type of Documentation 93

Table 3.6 States That Have Adopted a Policy Related to Who May Administer Medications to a Student at School and States that Allow Some Students to Carry and Self-Administer Medications, by Type of Medication 95

Table 3.7 States That Require Supplies for Applying Standard or Universal Precautions Be Available in Specific Locations, by Location 97

Table 3.8 States That Require Schools to Allow Students with HIV Infection or AIDS to Engage in Specific Activities as Long as They Are Able and to Allow Teachers and Staff with HIV Infection or AIDS to Work as Long as They Are Able 99

Table 3.9 States That Require Schools to Complete Injury and Illness Reports and That Require Schools to Report Notifiable Diseases Among Students 101

Table 3.10 States That Require Districts or Schools to Screen Students for Health Problems, by Health Problem 103

Table 3.11 States That Specify a Maximum Student-to-School Nurse Ratio and That Require Each School to Have a Full-Time School Nurse 105

Table 3.12 States That Require School Nurses to Participate in the Development of Individualized Education Plans (IEPs), Individualized Health Plans (IHPs), and 504 Plans 107

Table 3.13 States with Schools or School-Based Health Centers (SBHCs) That Serve as Medicaid Providers by Providing Health Services to Students 109

Table 3.14 States That Require a Minimum Education Level for Newly Hired School Nurses 111

Table 3.15 States That Require Newly Hired School Nurses to Have a Licensed Practical Nurse (LPN) License, Registered Nurse (RN) License, National Certification from the National Board for Certification of School Nurses (NBCSN), and State Certification 113

Table 3.16.1 States That Provided Funding for Staff Development or Offered Staff Development on Health Services Topics to School Nurses During the Past Two Years, by Topic..... 115

Table 3.16.2 States That Provided Funding for Staff Development or Offered Staff Development on Health Services Topics to School Nurses During the Past Two Years, by Topic..... 118

Table 3.16.3 States That Provided Funding for Staff Development or Offered Staff Development on Health Services Topics to School Nurses During the Past Two Years, by Topic..... 121

Table 3.17 States That Provided Funding for Staff Development or Offered Staff Development on Prevention Services Topics to School Nurses During the Past Two Years, by Topic 124

Table 3.18 States That Provided Funding for Staff Development or Offered Staff Development to Teachers or Other School Staff on Health Topics During the Past Two Years, by Topic..... 126

Table 3.19 States That Provide Model Policies on Health Topics, by Topic 128
