Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Cause of death (Based on the International Classification of Diseases, Tenth Revision, 1992), area, race, and sex	50-54 years	55-59 years	60-64 years	65-69 years	70-74 years	75-79 years	80-84 years	85-89 years	90-94 years	95-99 years	100 years and over	Age not stated

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Cause of death (Based on the International Classification of Diseases, Tenth Revision, 1992), area, race, and sex	50-54 years	55-59 years	60-64 years	65-69 years	70-74 years	75-79 years	80-84 years	85-89 years	90-94 years	95-99 years	100 years and over	Age not stated

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]

Worktable III. Deaths from 358 selected causes, by 5-year age groups, race, and sex: United States, 2002

[Race categories are consistent with the 1977 Office of Management and Budget guidelines. Data for specified races other than white and black should be interpreted with caution because of inconsistencies between reporting race on death certificates and on censuses and surveys. For explanation of asterisks preceding cause-of-death codes, see http://www.cdc.gov/nchs and refer to "Technical Appendix from Vital Statistics of the United States: Mortality, 2002"]
