CDC - PERINATAL QUALITY COLLABORATIVES WEBINAR SERIES

WD2399

PROGRAM DESCRIPTION: Seminars are designed to disseminate perinatal health quality improvement strategies employed by high-functioning collaboratives to states in various stages of establishing similar statewide organizations.

OBJECTIVES:

At the conclusion of the session, the participant will be able to:

- Identify processes and resources for recruiting and selecting patient and family advisors
- Describe best practices for preparing and orienting new patient and family advisors
- Discuss opportunities for patient and family engagement at the organizational level
