* Estimate presented as point estimate (%) ± 95% confidence interval (CI). Estimate=NA (Not Available) if the unweighted sample size for the denominator was <30 or (CI half width)/Estimate > 0.588.

† Estimates with confidence intervals >20 may not be reliable.

§ ≥ 1 dose of tetanus toxoid-diptheria vaccine (Td) or tetanus toxoid, reduced diphtheria toxoid, and acellular pertussis (Tdap) since age 10 years.

¶ Adolescents in the 2012 NIS-Teen were born during January 1994 - February 2000. Vaccination coverage estimates include only adolescents who had adequately complete provider-reported immunization records.

** Reported by parent/guardian respondent. Adolescents of Hispanic ethnicity may be of any race. Native Hawaiian or other Pacific Islanders and persons of multiple races were not included because of small sample sizes.

†† Includes St. Croix, St. Thomas, St. John, and Water Island (n=547). Not included in the United States estimates.
