2A-2014 Edits

For your convenience, please note the following change that has been made to the instruction manual 2a2014:

2a2014

Page 30 Deleted code J189 on line (a) under <u>Codes for Record</u> in the following example

I	(a)	Emphysema	~~J189~~ J439
	(b)		
	(c)	Bronchitis	J40
	II	Cerebral arteriosclerosis	I672

Code to other specified chronic obstructive pulmonary disease (J448). Bronchitis, selected by the General Principle, links (LMC) with emphysema into a combination code of J448.

The new Example is:

I	(a)	**Emphysema**	**J439**
	(b)		
	(c)	**Bronchitis**	**J40**
	II	**Cerebral arteriosclerosis**	**I672**

Code to other specified chronic obstructive pulmonary disease (J448). Bronchitis, selected by the General Principle, links (LMC) with emphysema into a combination code of J448.
