The UK's promise to Leave No One Behind

- The UK's Prime Minister launched a promise to Leave No One Behind at the United Nations General Assembly in 2015.
- To achieve the promise we must:
 - Work together on 8 principles
 - Support a data revolution
 - Disability Inclusion is key

DFID's approach to disability

- Disability Framework from December 2014 focusing on:
 - Building capacity
 - Influencing
 - Mainstreaming.
- And an aim to:
 - become an authority on disability data

One year in.....

- While there has been considerable progress, there is more to do. We are:
 - Reviewing progress
 - Strengthening disability across DFID
 - Launching updated Framework (on 3rd Dec 2015) including new guidance on data

Disability Framework

Department
for International
Development

Data.....

- Delivering our aim to become an authority on disability data by:
 - Advocating for use of WG questions
 - Producing guidance on disaggregation
 - Testing and learning
 - Advocating for disaggregation in SDG's
