Subject: IBM CANCER STUDY

I was an IBM employee from [redacted] to [redacted]. I worked at the Resarch facility in [redacted], the [redacted] site and the [redacted] site. [redacted] of the [redacted] years were at [redacted] working and managing departments that used tri-chlor (trichlorethelyne).

I developed cancer of the stomach / small intestine and had the tumor, parts of the stomach and parts of the small intestine removed in [redacted] in [redacted] r hospital by a world renouned surgeon. If you want my records for any IBM studies just let me know.

thanks,
