RE: Comments to the draft NIOSH document, *Preventing Vehicle and Equipment Related Occupational Injuries in Highway and Street Construction Workzones*

Dear Ms. Miller,

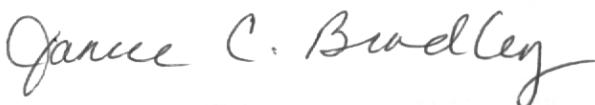

ISEA-The Safety Equipment Association is the leading national organization representing manufacturers of safety and personal protective equipment and clothing. We appreciate the opportunity to comment on this draft document.

1. pp.v Acknowledgments: replace Janice Bradley with Janice Comer Bradley, ISEA-The Safety Equipment Association (we do not use the word *Industrial* anymore)
2. pp.13 add to Employers can: specify high visibility apparel for all workers that meets ANSI/ISEA 107-1999 *American National Standard for High Visibility Safety Apparel*.

pp.13 first line of Policy makers can: The MUTCD should recommend that all workers wear high visibility apparel that meets ANSI/ISEA 107-1999 *American National Standard for High Visibility Safety Apparel*. This standard represents the state of the art in materials and technology for high visibility garments.
3. pp.14 first line, should be ANSI/ISEA 107-1999
pp.14 last line in box should be [ANSI/ISEA 107-1999]
4. pp.29 Online Resources: ISEA would be pleased if NIOSH added the ISEA website as a source for safety and personal protective equipment. www.safetycentral.org/ISEA

Thank you for your consideration.

Sincerely,

Janice Comer Bradley, CSP
Technical Director
