

Dragon, Karen E. (CDC/NIOSH/EID)

From: Nate Gildersleeve [ngildersleeve@ngkmetals.com]
Sent: Friday, May 30, 2008 4:21 PM
To: NIOSH Docket Office (CDC)
Subject: 120 - NIOSH Alert: Beryllium

IARC 1993 is presented as if it were credible. It is flawed, at best.

"No known safe level" does not sound like science or sound like a responsible statement by an accountable entity. In the same breath we show that we only require MSDS declaration over 0.1%.

I would be very afraid to turn this in for a grade in school.
