Traumatic Injury Prevention Cross-Sector Council

NORA

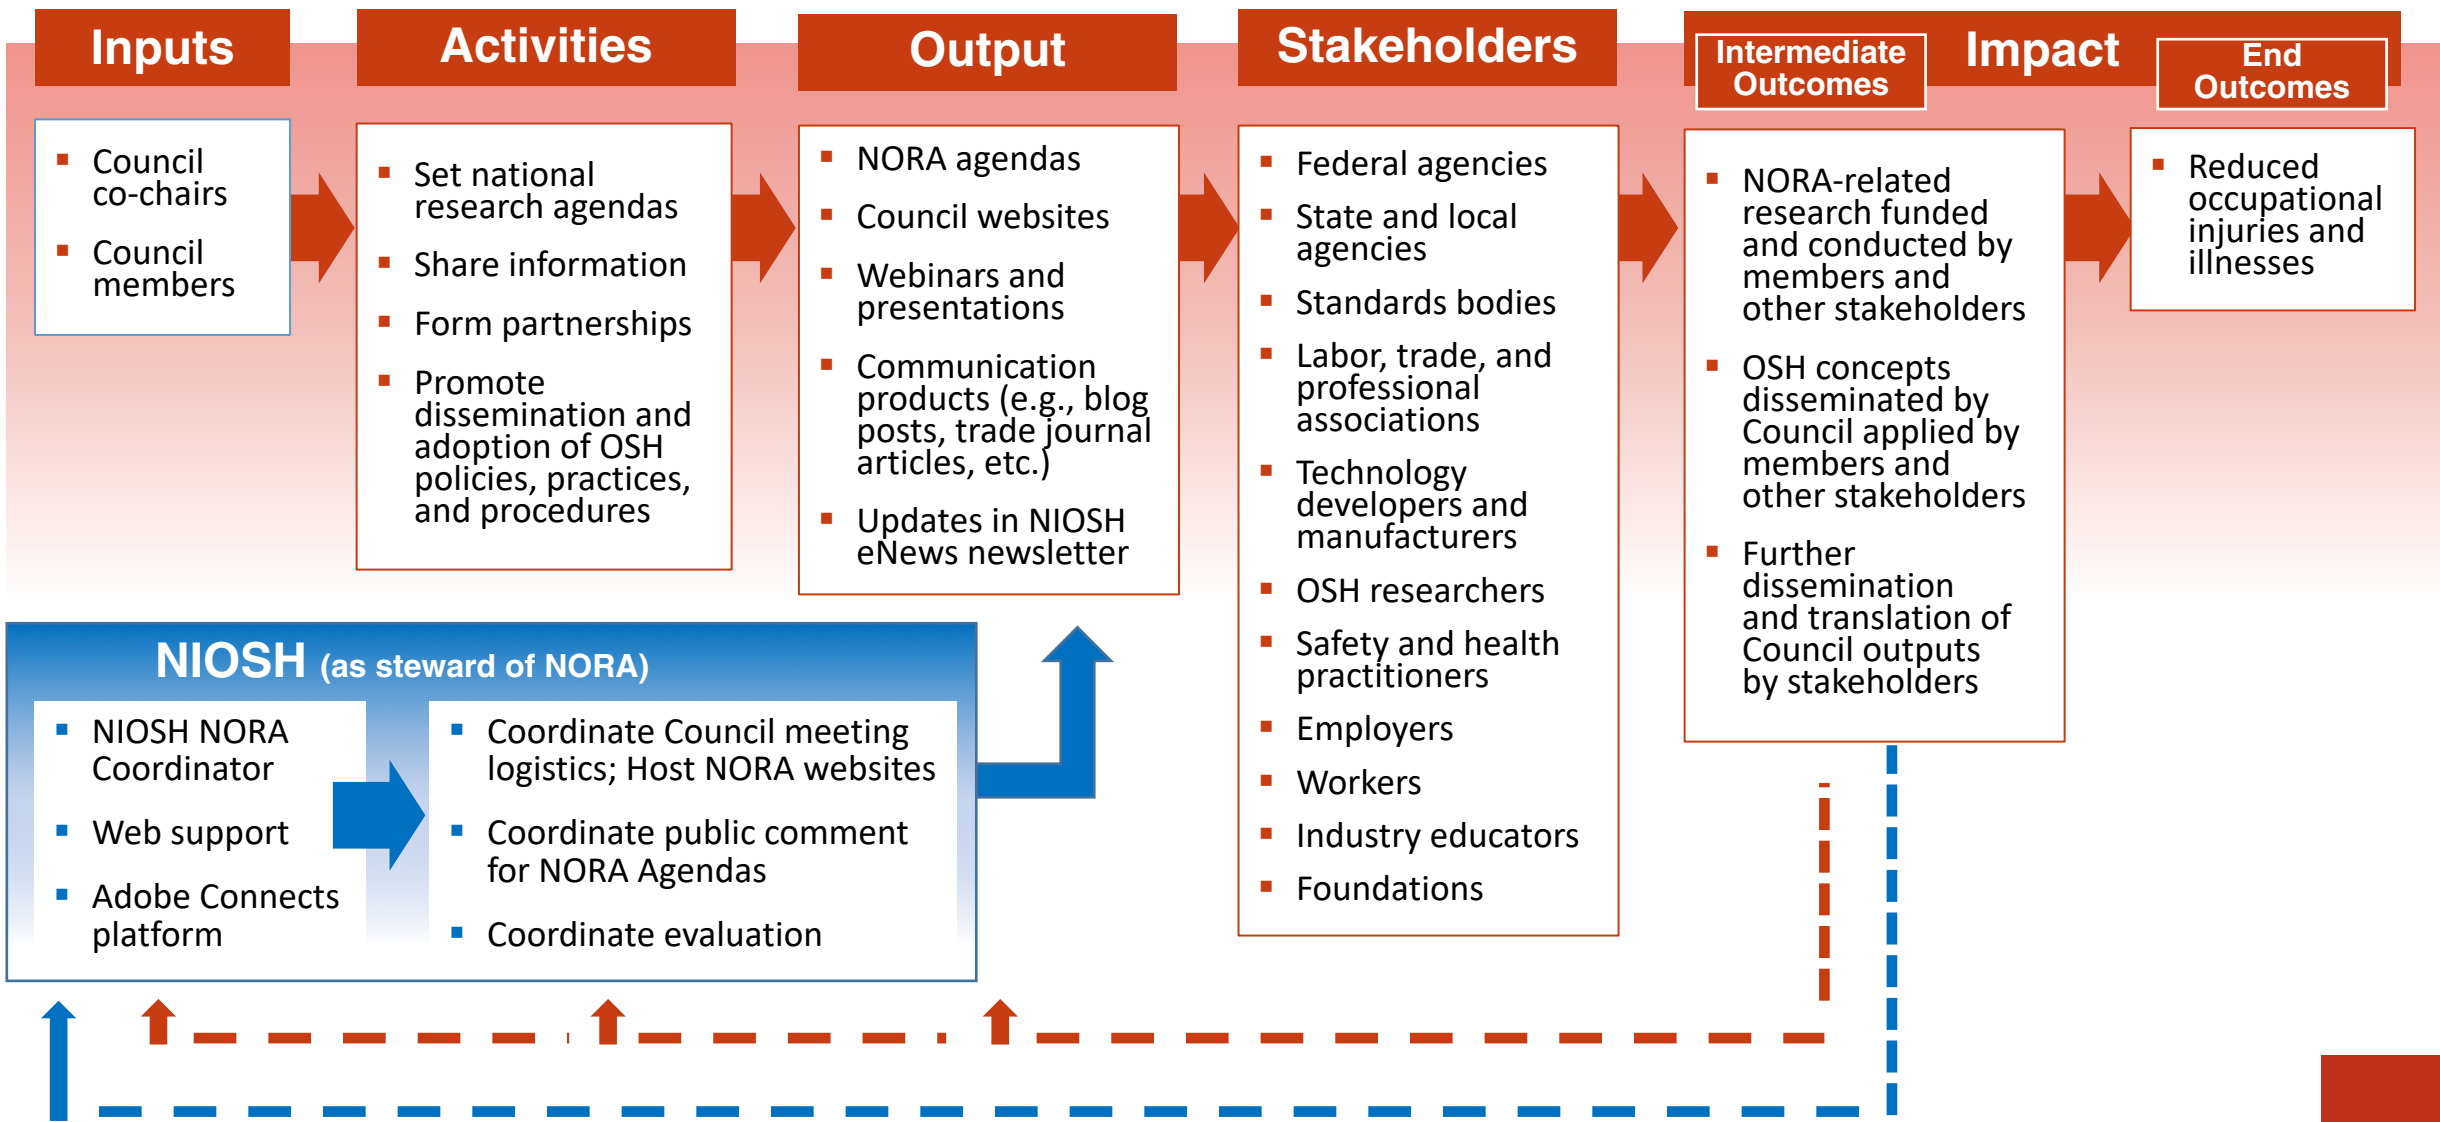

- National Occupational Research Agenda (NORA)
- Launched in 1996 as an “innovative public-private partnership to establish priorities for occupational safety and health research at NIOSH and throughout the country”
- Includes Sector and Cross-Sector Councils
- Each Council involves a diverse group of stakeholders (academia, industry, government, etc.) to define and meet high-priority needs and develop agendas for research, policy, and practice
- Three goals: information sharing, networking, and disseminating/implementing solutions

Traumatic Injury Prevention (TIP) Council

- Formed in 2016 for the 3rd generation of NORA
- Research Agenda released in 2018
- Includes 8 overarching strategic objectives for TIP
 - Objectives 1-4 focus on leading causes of occupational injury
 - Objectives 5-8 are cross-cutting and address all types of traumatic occupational injuries and work environments

NORA TIP Objectives

Objective 1: Prevent work-related motor vehicle crashes and injuries

Objective 2: Reduce falls and advance fall protection

Objective 3: Reduce violence in the workplace

Objective 4: Prevent injuries related to human-machine interaction for current and evolving technologies

Objective 5: Promote safety in non-standard work arrangements

Objective 6: Improve occupational safety equity across worker populations

Objective 7: Improve organization-based injury prevention

Objective 8: Promote rigorous evaluations of occupational injury prevention programs and effort

Why Should Students Connect with **NORA**?

- Students can participate on the Council:
<https://www.cdc.gov/nora/councils/ti/members.html>
- “What’s in it for me?”
 - Opportunity to contribute; bring fresh ideas and perspectives to addressing injury challenges
 - Inform theses, dissertation, or other projects
 - Opportunities for networking with leaders in the field
