NIOSH Docket Office  
Robert A. Taft Laboratories  
Mail Stop C34  
4678 Columbia Parkway  
Cincinnati, OH 45226

To Whom It May Concern:

I am pleased to read that NIOSH is considering a broader range of certified respirators for tuberculosis protection. The recommendation for using HEPA respirators is a costly requirement which has not been proven to be effective. I encourage tuberculosis mask certification testing that will allow use of less expensive and confining respirators!

Sincerely,

*Glenda Taylor RN, CIC*
