To Whom It May Concern:

We wish to notify you of our support of the proposed standard which will enable manufacturers to produce a broader range of certified respirators to achieve the necessary level of protection for health care workers. We understand that fit testing and fit checking programs would still be required, but hope that you will be successful in effecting a change which would result in the availability of a broader range of certified respirators.

Sincerely,

Susan L. Farren, RN, MSN  
Director of Nursing

Pamela Peganoff, RN, BSN  
Infection Control Coordinator
