Dear Mr. Mayeda:

As you are aware, there was a typographical error in the May 16, 1996, Federal Register notice for our public meeting in Northglenn, Colorado. The correction showing the correct date of June 12 was published as quickly as possible and appeared in the May 21, 1996, issue of the Federal Register. We appreciate your interest in the respirator certification program and are sorry for any inconvenience that you were caused due to the publishing error.

Enclosed are video tapes made for the record of the two public meetings that were announced in the Federal Register notice in response to your message asking for pertinent documents. No other comments have been submitted to the docket at this time. If you would like to submit written comments, please submit them during the current comment period. The comment period is scheduled to close on August 16, 1996. Written comments will receive the same consideration as those given at the public meetings.

If you desire copies of all comments submitted during the comment period, please send a written request to the NIOSH Docket Office following the closing of the comment period. The address is: NIOSH Docket Office, Robert A. Taft Laboratories, M/S C34, 4676 Columbia Parkway, Cincinnati, Ohio 45226.

Sincerely yours,
