

represent a broad range of research, practice, and policy expertise in prevention, wellness, health promotion, and public health. The CPSTF was convened in 1996 by the Department of Health and Human Services (HHS) to identify community preventive programs, services, and policies that increase healthy longevity, save lives and dollars, and improve Americans' quality of life. CDC is mandated to provide ongoing administrative, research, and technical support for the operations of the CPSTF. During its meetings, the CPSTF considers the findings of systematic reviews on existing research and practice-based evidence and issues recommendations. CPSTF recommendations are not mandates for compliance or spending. Instead, they provide information about evidence-based options that decision makers and stakeholders can consider when they are determining what best meets the specific needs, preferences, available resources, and constraints of their jurisdictions and constituents. The CPSTF's recommendations, along with the systematic reviews of the evidence on which they are based, are compiled in *The Community Guide*.

*Matters Proposed for Discussion:* Cardiovascular Disease Prevention (Pharmacy-Based Interventions to Increase Medication Adherence); Mental Health (Effectiveness of School-Based Depression and Anxiety Prevention Interventions); Cancer Prevention and Control (Community Health Worker Interventions to Improve Screening Rates for Breast, Colorectal, and Cervical Cancer); Health Equity (Supportive Housing Policies to Address Homelessness); Obesity Prevention and Control (Combined School-Based Diet and Physical Activity Interventions); Economic Review (Active Travel to School); and discussion of Community Guide effectiveness methods. The agenda is subject to change without notice.

*Roybal Campus Security Guidelines:* The Edward R. Roybal Campus is the headquarters of the CDC and is located at 1600 Clifton Road NE, Atlanta, Georgia. The meeting is being held in a Federal government building; therefore, Federal security measures are applicable.

All meeting attendees must register by the dates outlined under MEETING ACCESSABILITY. In planning your arrival time, please take into account the need to park and clear security. All visitors must enter the Edward R. Roybal Campus through the front entrance on Clifton Road. Vehicles may be searched, and the guard force will then direct visitors to the designated

parking area. Upon arrival at the facility, visitors must present government-issued photo identification (e.g., a valid federal identification badge, state driver's license, state non-driver's identification card, or passport). Non-United States citizens must complete the required security paperwork prior to the meeting date and must present a valid passport, visa, Permanent Resident Card, or other type of work authorization document upon arrival at the facility. Instructions for completing the required security paperwork will be provided after registration. All persons entering the building must pass through a metal detector. CDC Security personnel will issue a visitor's ID badge at the entrance to Building 19. Visitors may receive an escort to the meeting room. All items brought to HHS/CDC are subject to inspection.

Dated: September 4, 2018.

**Lauren Hoffmann,**

*Acting Executive Secretary, Centers for Disease Control and Prevention.*

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### Solicitation of Nominations for Appointment to the World Trade Center Health Program Scientific/Technical Advisory Committee (STAC)

**ACTION:** Notice.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), in accordance with provisions of the James Zadroga 9/11 Health and Compensation Act of 2010, is seeking nominations for membership on the World Trade Center (WTC) Health Program STAC. The STAC consists of 17 members including experts in fields associated with occupational medicine, pulmonary medicine, environmental medicine or environmental health, industrial hygiene, epidemiology, toxicology, mental health, and representatives of WTC responders, as well as representatives of certified-eligible WTC survivors. The STAC reviews scientific and medical evidence and makes recommendations to the Administrator of the WTC Health Program on additional Program eligibility criteria and additional WTC-related health conditions and provides consultation on research regarding certain health conditions related to the September 11, 2001 terrorist attacks.

**DATES:** Nominations for membership on the STAC must be received no later than November 16, 2018. Packages received after this time will not be considered for the current membership cycle.

**ADDRESSES:** All nominations should be mailed to NIOSH Docket 229-G, c/o Mia Wallace, Committee Management Specialist, National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention, 1600 Clifton Rd. NE, MS: E-20, Atlanta, Georgia 30333, or emailed (recommended) to [nioshdocket@cdc.gov](mailto:nioshdocket@cdc.gov).

#### FOR FURTHER INFORMATION CONTACT:

Tania Carreón-Valencia, WTC Health Program Associate Director for Science, 1600 Clifton Rd. NE, MS: R-12, Atlanta, GA 30333; telephone (404)498-2500 (this is not a toll-free number); email [TCarreonValencia@cdc.gov](mailto:TCarreonValencia@cdc.gov).

#### SUPPLEMENTARY INFORMATION:

Nominations are being sought for individuals who have expertise and qualifications necessary to contribute to accomplishing the committee's objectives. The Administrator of the WTC Health Program is seeking nominations for members fulfilling the following categories:

- Environmental medicine or environmental health specialist;
- Occupational physician who has experience treating WTC rescue and recovery workers;
- Physician with expertise in pulmonary medicine;
- Representative of WTC responders; and
- Representative of certified-eligible WTC survivors.

Members may be invited to serve for three-year terms. Selection of members is based on candidates' qualifications to contribute to the accomplishment of STAC objectives. More information on the committee is available at <https://www.cdc.gov/wtc/stac.html>.

U.S. Department of Health and Human Services (HHS) policy stipulates that committee membership be balanced in terms of points of view represented, and the committee's function. Appointments shall be made without discrimination on the basis of age, race, ethnicity, gender, sexual orientation, gender identity, HIV status, disability, and cultural, religious, or socioeconomic status. Nominees must be U.S. citizens. Current participation on federal workgroups or prior experience serving on a federal advisory committee does not disqualify a candidate; however, HHS policy is to avoid excessive individual service on advisory committees and multiple committee memberships. Committee

members are Special Government Employees, requiring the filing of financial disclosure reports at the beginning of and annually during their terms. NIOSH identifies potential candidates and provides a slate of nominees for consideration to the Director of CDC for STAC membership each year; CDC reviews the proposed slate of candidates, and provides a slate of nominees for consideration to the Secretary of HHS for final selection. HHS notifies selected candidates of their appointment near the start of the term in October, or as soon as the HHS selection process is completed. Note that the need for different expertise varies from year to year and a candidate who is not selected in one year may be reconsidered in a subsequent year.

Candidates should submit the following items:

- Current curriculum vitae, including complete contact information (telephone numbers, mailing address, email address);
- The category of membership (environmental medicine or environmental health specialist, occupational physician, pulmonary physician, representative of WTC responders, representative of certified-eligible WTC survivors, industrial hygienist, toxicologist, epidemiologist, or mental health professional) that the candidate is qualified to represent;
- A summary of the background, experience, and qualifications that demonstrates the candidate's suitability for the nominated membership category; and
- At least one letter of recommendation from a person(s) not employed by HHS. (Candidates may submit letter(s) from current HHS employees if they wish, but at least one letter must be submitted by a person not employed by an HHS agency (e.g., CDC, NIH, FDA, etc.).

Nominations may be submitted by the candidate him- or herself, or by the person/organization recommending the candidate.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

**Sherri Berger,**

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

[60Day-18-0134; Docket No. CDC-2018-0078]

#### Proposed Data Collection Submitted for Public Comment and Recommendations

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Notice with comment period.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Foreign Quarantine Regulations, an information collection related to illness and death reports from airplanes and maritime vessels coming to the United States, illness and death investigations of travelers, and information from importers of certain items specified under 42 CFR 71 subpart F.

**DATES:** CDC must receive written comments on or before November 6, 2018.

**ADDRESSES:** You may submit comments, identified by Docket No. CDC-2018-0078 by any of the following methods:

- *Federal eRulemaking Portal:* [Regulations.gov](http://www.regulations.gov). Follow the instructions for submitting comments.
- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329.

*Instructions:* All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to [Regulations.gov](http://www.regulations.gov).

*Please note: Submit all comments through the Federal eRulemaking portal ([regulations.gov](http://www.regulations.gov)) or by U.S. mail to the address listed above.*

**FOR FURTHER INFORMATION CONTACT:** To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and

Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329; phone: 404-639-7570; Email: [omb@cdc.gov](mailto:omb@cdc.gov).

**SUPPLEMENTARY INFORMATION:** Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
5. Assess information collection costs.

#### Proposed Project

Foreign Quarantine Regulations (42 CFR 71) (OMB Control No. 0920-0134) (Exp 5/31/2019)—Revision—National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), Centers for Disease Control and Prevention (CDC).

#### Background and Brief Description

Section 361 of the Public Health Service Act (PHSA) (42 U.S.C. 264) (Attachment A1) authorizes the Secretary of Health and Human Services to make and enforce regulations necessary to prevent the introduction, transmission or spread of communicable diseases from foreign countries into the United States. Statute and the existing
