

## I. General Infrastructure, Capacity, and Processes

Training	
6. Does your facility provide <i>training</i> to EVS staff about how <i>C. diff</i> is spread in healthcare?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
7. Does your facility provide <i>training</i> to EVS staff about which cleaning and disinfection products are used to kill <i>C. diff</i> (i.e., sporicidal products)?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
8. Does your facility provide <i>training</i> to EVS staff about how cleaning stops the spread of <i>C. diff</i> ?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
9. Does your facility provide <i>training</i> on <b>hand hygiene</b> to EVS staff at least once per year?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
10. Does your facility give a <i>knowledge assessment</i> (e.g., quiz, test) on <b>hand hygiene</b> to EVS staff at least once per year?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
11. Does your facility give a <i>skills assessment</i> (i.e., staff demonstration of tasks) on <b>hand hygiene</b> to EVS staff at least once per year?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
12. Does your facility provide <i>training</i> on use of <b>personal protective equipment (PPE)</b> (e.g., gowns, gloves) to EVS staff at least once per year?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
13. Does your facility give a <i>knowledge assessment</i> (e.g., quiz, test) on <b>use of PPE</b> (e.g., gowns, gloves) to EVS staff at least once per year?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
14. Does your facility give a <i>skills assessment</i> (i.e., staff demonstration of tasks) on <b>use of PPE</b> (e.g., gowns, gloves) to EVS staff at least once per year?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
Comments: (Please specify question number as applicable)	

## I. General Infrastructure, Capacity, and Processes

Training (Continued)	
15. Does your facility provide <i>training</i> on <b>environmental cleaning/disinfection</b> to EVS staff at least once per year?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
16. Does your facility give a <i>knowledge assessment</i> (e.g., quiz, test) on <b>environmental cleaning/disinfection</b> to EVS staff at least once per year?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
17. Does your facility give a <i>skills assessment</i> (i.e., staff demonstration of tasks) on <b>environmental cleaning/disinfection</b> to EVS staff at least once per year?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
Comments: (Please specify question number as applicable)	

Audits and Feedback	
*Definitions: Audit is the monitoring (typically by direct observation) and documenting if staff perform their job tasks correctly. Feedback may include a summary of how well staff performed their job tasks.	
18. Does your facility routinely <i>audit</i> (monitor) if <b>hand hygiene</b> is completed by EVS staff?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
19. Does your facility routinely provide <i>feedback</i> on performance of <b>hand hygiene</b> to EVS staff?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
20. Does your facility routinely <i>audit</i> (monitor) if EVS staff use <b>personal protective equipment (PPE)</b> (e.g., gowns, gloves)?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
21. Does your facility routinely provide <i>feedback on use of PPE</i> to EVS staff?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
22. Does your facility routinely <i>audit</i> (monitor) <b>environmental cleaning/disinfection</b> for EVS staff?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
23. Does your facility routinely provide <i>feedback</i> on performance of <b>environmental cleaning/disinfection</b> to EVS staff?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
24. Are EVS staff made aware of:	
A. Facility-wide <i>C. diff</i> data (e.g., number of patients with <i>C. diff</i> in the hospital)?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
B. Unit-level <i>C. diff</i> data (e.g., number of patients with <i>C. diff</i> on specific units)?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unknown
Comments: (Please specify question number as applicable)	

## II. Environmental Cleaning Communication and Supply Processes

	Never	Rarely	Sometimes	Often	Always	Unknown
1. For non-English speaking EVS staff, are trainings given in the staff's primary language?						
2. Do EVS supervisors have input into the selection of cleaning and disinfection products?						
3. Do EVS staff have input into the selection of cleaning and disinfection products?						
4. Does your facility alert EVS staff when a room should be cleaned with a product that kills <i>C. diff</i> (i.e., a sporicidal agent)?						
5. Do EVS staff restock supply carts (cleaning carts) when supplies run low?						
6. Do EVS staff have access to supplies to keep their cart stocked during their shift?						
7. Do EVS staff know which items they are responsible for cleaning?						
8. Do nursing staff know which items they are responsible for cleaning?						
9. Are EVS staff able to use an unlimited number of wipes/rags for each room (i.e., they are <u>not</u> limited to a certain number for each room)?						
Comments: (Please specify question number as applicable)						

### III. Environmental Cleaning Practices

	Never	Rarely	Sometimes	Often	Always	Unknown
1. Are high-touch surfaces (e.g., bed rails/controls, tray table) in patient rooms cleaned <u>daily</u> ?						
2. Are high-touch surfaces (e.g., bed rails/controls, tray table) in patient rooms cleaned <u>upon discharge</u> (terminal)?						
3. Is a product that kills <i>C. diff</i> (i.e., a sporicidal product) used for <u>daily</u> disinfection in the rooms of patients with <i>C. diff</i> ?						
4. Is a product that kills <i>C. diff</i> (i.e., a sporicidal product) used for <u>discharge</u> (terminal) disinfection in the rooms of patients with <i>C. diff</i> ?						
5. Do EVS staff follow label instructions when using cleaning and disinfection products?						
6. Are bathrooms cleaned last in a patient room?						
7. Are rooms of patients with <i>C. diff</i> cleaned last on each unit?						
8. Is enough time provided for EVS staff to complete discharge (terminal) cleaning of patient rooms?						
Comments: (Please specify question number as applicable)						

### III. Environmental Cleaning Practices

	Never	Rarely	Sometimes	Often	Always	Unknown
9. Do EVS staff clean and disinfect the supply carts (cleaning carts) at least once per shift?						
10. When EVS staff are cleaning patient rooms, do EVS supply carts (cleaning carts) stay in the hallways (i.e., not in the patient room)?						
11. Are new wipes/rags used for each patient area?						
12. Are mop heads changed between rooms?						
13. Are toilet brushes in rooms of patients with <i>C. diff</i> thrown out after use (i.e., not used in other rooms)?						
Comments: (Please specify question number as applicable)						

#### IV. Contact Precautions / Hand Hygiene

	Never	Rarely	Sometimes	Often	Always	Unknown
1. Are Contact Precautions signs easily seen before entering rooms?						
2. Do Contact Precautions signs give clear directions about required personal protective equipment (PPE) (e.g., gowns, gloves)?						
3. Are gowns and gloves available when entering rooms of patients with <i>C. diff</i> ?						
4. Are supplies for cleaning hands (hand sanitizer or sinks with soap) available before <u>entering</u> patient rooms?						
5. Are supplies for cleaning hands (hand sanitizer or sinks with soap) available before <u>exiting</u> patient rooms?						
Comments: (Please specify question number as applicable)						

Additional Comments/Observations:
