

Making Friends: Collaborating and Cooperating

October 12, 2021

Wendy Ruben, MS
Partnership Coordinator
National Center on Birth Defects and Developmental
Disabilities
Centers for Disease Control and Prevention

Vision and Mission

Vision:

Babies are born healthy.
Children reach their potential.
And everyone thrives.

Mission:

We

- work to save babies by studying and addressing the causes of birth defects;
- help children reach their potential by understanding developmental disabilities;
- reduce complications of blood disorders; and
- improve the health of people living with disabilities.

RESOURCES

Welcome to the Friends of NCBDDD!

The Friends of NCBDDD is a coalition of government and private sector participants who work together to enhance the mission and activities of the **National Center on Birth Defects and Developmental Disabilities (NCBDDD)** in identifying the causes of birth defects and developmental disabilities; helping children to develop and reach their full potential; and promoting health and well-being among people of all ages with disabilities, including blood disorders. NCBDDD's work is described by the Center's four thematic areas:
