

# Communities Benefit from Water Fluoridation

Water fluoridation is safe, effective, and saves communities money.

On average, communities with water fluoridation experience:

**25%** fewer cavities than communities without water fluoridation leading to:

- Less pain
- Less fillings and teeth pulled
- Less missed days of school and work

**\$20**  
A return of for every \$1 invested

- Less expensive dental treatments needed
- Saves communities and families money

Water fluoridation improves oral health and reaches everyone in the community.

Visit [www.cdc.gov/fluoridation](http://www.cdc.gov/fluoridation) for information about community water fluoridation.
