48	Other Treatment Code	0
49	Palliative Treatment Code	0
<b>RECURRENCE</b>		
50	DATE Last Contact/Death	11/22/2007
51	Cancer Status	1

**Additional discussion point: Pt has positive LN. There is no mention in the medical record that chemotherapy is being considered, although this is standard of care for LN positive colon cancer. Registrar should contact surgeon or colorectal clinic to determine whether chemotherapy has been started—or at least discussed—with patient. If chemo has been started, this should be documented in text and the code for chemotherapy must be updated.**
