3.8 - 10.4	640
10.5 - 12.9	641
13.0 - 15.5	620
15.6 - 18.8	620
18.9 - 38.0	618

Source: U.S. Census Bureau, 2000 Small Area Health Insurance Estimates Program

Note: People are considered uninsured if they were not covered by any type of health insurance for the entire year or if they had no coverage other than access to Indian Health Service. The percent of people without health insurance was estimated from a 3-year average of county-level observations from the Annual Social and Economic Supplement of the Current Population Survey.

* Categories defined according to quintile cutpoints.
