Applicant's Name

Dear Colleague:

The person identified above has applied to the Epidemic Intelligence Service (EIS) at the Centers for Disease Control and Prevention and indicated that you will be writing a letter of recommendation for his/her application packet. EIS is a 2-year, post-graduate fellowship for health professionals interested in the practical application of epidemiologic methods to a wide range of contemporary public health problems. EIS officers participate in a variety of activities designed to develop their competency in three main areas—epidemiologic processes, communication, and professionalism.

Enclosed is a list of items we would like for you to address in your letter. We would appreciate a frank and objective evaluation of the applicant.

For this person to be considered for EIS, your letter of recommendation must be postmarked by September 1, 2012. Your prompt response will facilitate processing the application and will be most helpful as we prepare for EIS interviews and selections.

Sincerely yours,

Douglas Hamilton, MD, PhD  
Chief, EIS Program
