

APPENDIX D. PERINATAL HEPATITIS B PREVENTION PROGRAM RESOURCES: LIST OF CONTENTS

A Resource CD containing the following forms, checklists, brochures, and other resources is available from CDC via the Perinatal Hepatitis B Coordinator website at <http://www.cdc.gov/ncidod/diseases/hepatitis/resource/perinatalhepB.htm>.

Case Management Resources Folder

Blood Work Consent (PA) — consent form for blood draw of household/sexual contact or infant
Case Mgmt Checklist (MN) — checklist for case managers on all necessary steps to follow a case
Case Mgmt Guidelines (PA) — list of protocols for perinatal hepatitis B case identification and management
Case Mgmt Reporting Form (SC) — household/sexual contact tracking form
CDC Perinatal HIPAA Documents — letter and Q&A from CDC on HIPAA and perinatal hepatitis B prevention programs
Contact Blood Work Consent (PA) — consent form to have blood drawn on a household/sexual contact
Contact Case Mgmt Form (TX) — household/sexual contact tracking form
Hepatitis Serology Table (NE) — table detailing the interpretation for hepatitis A, B and C serology results
Infant Case Mgmt Form (TX) — report form on an infant perinatal case
Interpretation of Hepatitis B Serology — table detailing the interpretation for hepatitis B serology results
Interpreting Serology (Immunization Action Committee) — guide on hepatitis B testing and vaccination
Mother Case Mgmt Form (TX) — tracking form for an HBsAg-positive pregnant woman
Perinatal HBV Program Overview (San Francisco, CA) — one-page overview of a perinatal program's functions

Case Report Forms Folder

Contact Report (WA) — contact report form
Hospital Reports (Contra Costa, CA; IN; MA; MN, TX; VA) — forms for hospitals to report births to HBsAg-positive mothers to health departments
Peri Case Report (NC) — health department case management report form
Peri Case Report (WA) — health department case management report form
Physician Report (TX) — form for physicians to report an HBsAg-positive pregnant woman to the health department

Education Tools Folder

Flyer for Mother (San Diego, CA) — flyer detailing the steps for an HBsAg-positive mother to protect her new baby from infection
HBV Brochures in English, Spanish, and Vietnamese (Orange County, CA) — brochure educating HBsAg-positive mothers on perinatal hepatitis B prevention
Hepatitis B & Pregnancy Brochure (OH) — brochure educating HBsAg-positive mothers on protecting their newborn and contacts from infection
Hepatitis B Brochure (NH) — brochure about the importance of hepatitis B vaccination for all children
Hepatitis B Newsletter (WA) — example of Washington's Asian/Pacific Islander Hepatitis B Task Force newsletter on hepatitis B prevention
Hepatitis Newsletter (FL) — example of Florida's periodic hepatitis newsletter
Hepatitis Prog Fact Sheet (IN) — list of hepatitis B resources with contact information
Hospital Perinatal Poster (MA) — poster for delivery rooms on what to do for an infant born to an HBsAg-positive mother
Kids Infect Kids Article (CDC) — article by CDC's Eric Mast discussing hepatitis B transmission between children
Newsletter Article on Peri Prog (PA) — newsletter article discussing the importance of screening and reporting HBsAg-positive pregnant women
Parent Broch- HBsAg+ Mother (CA) — brochure educating HBsAg-positive mothers on protecting their newborn and contacts from infection
Parent Broch- HBsAg+ Mother, Spanish (CA) — brochure educating HBsAg-positive mothers on protecting their newborn and contacts from infection

Parent Brochure (MI) — brochure educated parents on the importance of protecting infants and children from hepatitis B
Parent Brochure (WA) — brochure educating HBsAg-positive mothers on protecting their newborn and contacts from infection
Parent Perinatal Fact Sheet (IN) — fact sheet for HBsAg-positive mothers on protecting their newborn and contacts from infection with program contact information
Perinatal Hepatitis B Newsletter (Escambia County, FL) — newsletter promoting perinatal hepatitis B prevention

Hepatitis B Birth Dose Folder

AAP Preference for Birth Dose Summary — article discussing the American Academy of Pediatrics' preference for the birth dose
Birth Dose FAQ (OR)
Birth Dose Letter (San Bernadino, CA) — letter to hospitals encouraging perinatal hepatitis B prevention policies including the birth dose of hepatitis B
Birth Dose Letter to Hosp (NY) — letter to hospitals introducing New York's universal birth dose policy
Birth Dose Letter to Hosp (OR) — letter to hospitals introducing Oregon's hepatitis B birth dose pilot project
Birth Dose Letter to LHD (OR) — letter to local health departments discussing Oregon's hepatitis B birth dose pilot project
Birth Dose Newsletter Article (MI) — newsletter article discussing universal birth dose policies that lists hospitals with a universal policy
Birth Dose Pilot Project Overview (OR)
Birth Dose Policy Overview (NY)
Give the Birth Dose (IAC) — one-page resource on the importance of the birth dose
Hospital Birth Dose Application (NY)
Hospital Birth Dose Consent Form (NY) — consent form for hospitals to use with parents before administering a birth dose
Hospital Birth Dose Policy (NY) — sample policies and procedures for hepatitis B birth dose
Hospitals & Doctors Sued (IAC) — examples of hospitals and doctors being sued for not preventing perinatal HBV transmission
Letter to Support Birth Dose (IAC) — letter to national organizations to encourage support of universal birth dose
Medical Error Document (IAC) — examples of perinatal HBV medical errors discovered by coordinators

Hospital & Lab Surveys Folder

Hosp Policy Survey (LA, CA)
Hosp Policy Survey (PA)
Hospital Policy Survey (OH)
Hospital Chart Audit Guide with HIPAA Language (MN)
Laboratory Reporting Assessment (CDC) — tool to assess a laboratory's reporting of HBsAg-positive results
Laboratory Reporting Background (CDC) — guidance on the laboratory reporting assessment
Laboratory Survey (LA, CA) — laboratory survey determining which labs run HBsAg assays and other information
LQA Objectives (NY) — description of the benefits and goals of hospital LQAs in NY
LQA Overview (NY) — overview of NY's LQA program
LQA Overview Presentation (NY) — PowerPoint presentation about NY's LQA program
LQA Protocol (NY) — protocol for local health coordinators to plan and conduct hospital-based LQAs
LQA Tally Sheet (NY) — tally sheet used to review hospital charts during an LQA

Letters Folder

Contact Letters Subfolder

HHC Serology Screening Referral (LA, CA)

Hospital Letters Subfolder

Hospital Prox Mistake (PA)
Infant Follow-up Form (NH)
Mother Expected to Deliver (VA)
Mothers Expected to Deliver (FL)
Pharmacy HBIG Shipment (NH)

Parent Letters Subfolder

Baby Care (CT)
Baby Care (Hillsborough County, FL)
Baby Care (Houston, TX)
Baby Care (NH)
Baby Care (Santa Barbara County, CA)
Completion of Serology (Hillsborough County, FL)
Congrats on Birth (Houston, TX)
Congrats on Birth (Ramsey County, MN)
Refusal to Participate (Hillsborough County, FL)
Request for Baby Info (Hillsborough County, FL)
Serology Reminder (NH)
Vaccine Reminder (Houston, TX)
Vaccine Reminder (NH)
Vaccine Serology (Hillsborough County, FL)

Provider Letters Subfolder

Baby's Care (NH)
First Contact on HBsAg+ woman (Houston, TX)
Follow-up on HBsAg+ woman (LA, CA)
Follow-up on HBsAg+ woman letter and form (CT)
Follow-up on HBsAg+ woman letter and form (VA)
HBV2 Reminder (MN)
Importance of Serology (San Diego, CA)
Infant Care (CT)
OB Follow-up on HBsAg+ woman (CT)
OB Reminder to Report HBsAg+ Women (Hillsborough County, FL)
Peri Infant Care (PA)
Perinatal HBV Care (Hillsborough County, FL)
Post-Vaccination Letter & Form (LA, CA)
Premi Peri Care (PA)
Provider Prox Error (PA)
Repeat HB Series (PA)
Serology Reminder (FL)
Serology Reminder (Riverside County, CA)
Thank you to Physician (Sacramento County, CA)
Update on Peri HBV (San Fran, CA)
Vacc Serology Info (NH)

Other Resources Folder

Peri Program Summary (NC)

Presentations Folder

CDC Reinstating Birth Dose — presentation discussing the importance of reinstating the birth dose of hepatitis B vaccine
Hepatitis B (NC) — general presentation on hepatitis B disease and prevention
Hepatitis Overview (Philadelphia, PA) — general overview of hepatitis B with some Philadelphia-specific data
Hospital Birth Dose (Sacramento County, CA) — presentation for hospitals on hepatitis B birth dose and perinatal HBV prevention
Hospital Hepatitis B (Sacramento County, CA) — presentation for hospital MCH staff on hepatitis B
Hospital Hepatitis B (San Antonio, TX) — hospital presentation on perinatal HBV prevention
Provider Hepatitis B (Sacramento County, CA) — presentation on hepatitis B prevention for providers

Protocols & Guidelines Folder

CDC Reviewed Labor & Delivery Guidelines

HBV Specimen Collection Protocol (VA) — protocol for providers to send specimens to be tested for HBsAg and anti-HBs at the state lab

Hospital Guidelines (WA) — perinatal hepatitis B prevention guidelines for hospitals

Pediatric Provider Guidance (WA) — perinatal hepatitis B prevention guidelines for pediatricians

Perinatal Fact Sheet (MN) — perinatal hepatitis B prevention program guidelines

Perinatal Guidelines (Philadelphia, PA) — perinatal hepatitis B prevention program goals and objectives

Perinatal Program Guidelines (PA) — perinatal hepatitis B prevention program guidelines for health departments

Perinatal Protocol (MA) — perinatal hepatitis B prevention protocol

Perinatal Protocol (MN) — perinatal hepatitis B prevention protocol

Perinatal Vaccination Guidelines (MN) — vaccination schedule for infants born to HBsAg-positive mothers

Post-serologic Guidelines (MN) — post-vaccination serology recommendations for infants born to HBsAg-positive mothers

Prenatal Provider Guidelines (WA) — perinatal hepatitis B prevention guidelines for prenatal care providers

Provider Peri Guidelines (PA) — perinatal hepatitis B prevention guidelines for providers

Provider Forms Folder

Perinatal Hepatitis B Prevention Checklist (MN) — pediatrician checklist for care of infant born to HBsAg-positive mother

Post-vacc Serology Form (Contra Costa County, CA) — form for physicians to fax to health dept with post-vaccination serology results

Post-vacc Serology Form (CT) — form for physicians to mail to health dept with post-vaccination serology results

Provider HBsAg+ Form (MN) — form for providers to send to health department to report HBsAg-positive pregnant women

Treatment of Women Folder

Info for Infected Women (MI) — handout for physicians to provide to HBsAg-positive women

Physician Txt Tips (MI) — checklist for physicians to use when treating patients with chronic HBV infection
