

Appendix E: Table with Descriptions of Ryan White CARE Act Programs

Title I	Provides emergency relief to metropolitan areas that are disproportionately affected by HIV/AIDS
Title II	Assists states and territories in improving the quality, availability, and organization of health care and support services for individuals and families with HIV disease and provides access to needed pharmaceuticals through the AIDS Drug Assistance Program (ADAP)
Title III	Provides support for early intervention and primary care services for people with HIV/AIDS
Title IV	Provides coordinated HIV services and access to research for women, infants, children, youth, and families with, or at risk for, HIV/AIDS, focusing on the development and operation of family-centered systems of primary health care and social services that benefit these population groups
Special Projects of National Significance (SPNS)	Supports the development of innovative HIV/AIDS service delivery models that have potential for replication in other areas, both locally and nationally
HIV/AIDS Education and Training Centers (AETCs)	Supports training for health care providers in counseling, diagnosis, treatment for persons with HIV infection and in helping to prevent high-risk behaviors that cause infection
Dental Reimbursement Program (DRP)	Provides support to dental schools, postdoctoral dental education programs, and dental hygiene programs for non-reimbursed care provided to persons with HIV disease
