

HIV Resources for Obstetric Providers and Their Patients

For Providers

CDC One Test. Two Lives. TESTING

Web: www.cdc.gov/1test2lives

This site offers obstetric providers information on the *One Test. Two Lives.* campaign, which focuses on ensuring that all pregnant women are tested for HIV early in their pregnancy. The site provides downloadable resources for providers, and materials for their patients, to encourage HIV testing. Providers may also order hard copy versions of these tools online. The site also links to other relevant Web resources.

Spanish Resources

Patient materials, including a brochure and a fact sheet that describes important prenatal tests, are available in Spanish.

CDC National Prevention Information Network (NPIN) TESTING, TREATMENT, AND REFERRAL

Web: www.cdcnpin.org

Phone: 800-458-5231

E-mail: info@cdcnpin.org

NPIN is the nation's largest collection of resources and free materials on HIV/AIDS. NPIN offers HIV basic facts, as well as information on news and conferences, guidelines, surveillance, education and outreach, and funding. The site features a searchable database of organizations that provide a variety of prevention and social services.

Spanish Resources

Spanish-speaking information specialists are available via phone. Various materials are available in Spanish and a Spanish version of the Web site can be found at www.cdcnpin.org/scripts/espanol/index.asp.

American College of Obstetricians and Gynecologists (ACOG) TESTING AND TREATMENT

Web: www.acog.org

Phone: 202-638-5577

ACOG is the nation's leading medical specialty society of obstetrician-gynecologists providing health care for women. Materials specific to HIV testing and treatment for pregnant women can be obtained by phone at 800-762-2264 (ext. 354) or online at <http://sales.acog.org>. These materials include a tear sheet and pamphlets for patients on prenatal blood tests including the HIV test, as well as ACOG committee opinions on both HIV testing for pregnant women and cesarean delivery for prevention of vertical HIV transmission.

Spanish Resources

The patient education pamphlet on HIV testing and pregnancy is available in Spanish.

Infectious Diseases Society for Obstetrics and Gynecology (IDSOG)

Web: www.idsog.org

Phone: 202-863-2570

IDSOG is an affiliate organization of ACOG that brings together professionals in the field of obstetrics and gynecology who are interested in the scientific study of infectious diseases. IDSOG conducts activities for scientific purposes, to advance and promulgate knowledge of infectious diseases, and to facilitate collegial relationships among investigators in this area.

American College of Nurse-Midwives (ACNM) TESTING AND TREATMENT

Web: www.acnm.org

Phone: 240-485-1800

This professional organization for certified nurse-midwives and certified midwives is dedicated to the health and well-being of women and infants. ACNM provides research, accredits midwifery education programs, administers and promotes continuing education programs, establishes clinical practice standards, and creates liaisons with state and federal agencies and members of Congress.

National Perinatal HIV Consultation and Referral Service (Perinatal Hotline)

TESTING, TREATMENT, AND REFERRAL

Web: www.ucsf.edu/hivcntr/hotlines/perinatal.html

Phone: 888-HIV-8765 (888-448-8765)

The National HIV/AIDS Clinicians' Consultation Center's (NCCC) Perinatal Hotline is a free, 24-hour service offering information and clinical consultation to healthcare providers on preventing mother-to-child HIV transmissions. The hotline addresses a range of topics such as rapid testing implementation and antiretroviral therapy for mother and newborn. The Hotline can link HIV-positive pregnant women and their infants to local care through the Perinatal HIV Clinicians' Network. The Web site also provides an up-to-date compendium of HIV testing laws by state.

Infectious Diseases Society of America's HIV Medicine Association (HIVMA) **TREATMENT AND REFERRAL**

Web: www.hivma.org

Phone: 703-299-0200

E-mail: hivma@idsociety.org

HIVMA provides an organizational home for medical professionals engaged in HIV medicine. Resources include state health policy profiles, HIV/AIDS practice guidelines, issue briefs, patient resources, clinical trial information, and an HIV provider listing. To access the provider listing, click on "Resources," then "HIV Provider Listing."

Women, Children, and HIV **TESTING AND TREATMENT**

Web: www.womenchildrenhiv.org

This site offers a wealth of links on the topic of voluntary counseling and testing, as well as the topic of perinatal interventions. Resources include clinical guidelines and tools, training and community education materials, a literature review service, and conference abstracts.

For Providers and Their Patients

CDC National HIV Testing Resources **TESTING**

Web: www.hivtest.org

This site offers resources on HIV testing including a national database of HIV testing sites, answers to many questions about HIV/AIDS and testing, an online quiz, and Web links.

Spanish Resources

Answers to frequently asked questions, Web links, and other resource listings are available in Spanish.

AIDSinfo **TREATMENT**

Web: <http://aidsinfo.nih.gov>

Phone: 800-HIV-0440 (800-448-0440)

Live help: http://aidsinfo.nih.gov/live_help/

E-mail: ContactUs@aidsinfo.nih.gov

This site features perinatal treatment and prevention guidelines. It also includes information on drug therapies, vaccines, and clinical trials. Fact sheets, a glossary, Web links, and personal digital assistant (PDA) tools are also available.

Spanish Resources

Spanish-speaking information specialists are available via phone, live help, or e-mail. Most resources and materials are available in Spanish at <http://aidsinfo.nih.gov/espanol/>.

For Patients Only

CDC-INFO Contact Center **TESTING, TREATMENT, AND REFERRAL**

Phone: 800-CDC-INFO (800-232-4636), 888-232-6348 (TTY)

E-mail: cdcinfo@cdc.gov

Information specialists can answer questions, provide referrals, and send free publications on pregnancy, HIV testing, and HIV/AIDS 24 hours a day, 7 days a week.

Spanish Resources

Spanish-speaking information specialists are available.
