# Protocol Revisions

- The Perinatal HIV Prevention Evaluation Protocol has been revised and streamlined
- Much of the protocol has been completed already
- Some data previously captured in the Protocol will be collected from PEMS in the future

**SAFER • HEALTHIER • PEOPLE™**

# Key Components

- One-page summary of programs

~~• Data table~~

**COMPLETED**

~~• Promising Practice Profile~~

**COMPLETED**

# One-Page Summary

- Summary has been revised
- Budget-driven: how do you spend your money?
- Goal-driven: how do programs satisfy objectives set out by the cooperative agreement?

# PEMS

- Reduce duplication of effort
  - The Evaluation Protocol can potentially be further streamlined once PEMS is in place
- Provide data for program planning and reporting
  - Stay tuned for more information!
