

HUMAN PAPILLOMAVIRUS VACCINE RECOMMENDATIONS OF THE ADVISORY COMMITTEE ON IMMUNIZATION PRACTICES (ACIP)

WB2461

PROGRAM DESCRIPTION: The goal of this report is to consolidate ACIP recommendations for use of HPV vaccines and provides updated information on vaccines from clinical trials and post-licensure studies.

OBJECTIVES:

At the conclusion of the session, the participant will be able to:

- (1) describe the basic epidemiology of human papillomavirus (HPV) infection and associated disease in the United States
- (2) describe the different HPV vaccines licensed in the United States
- (3) describe the rationale for routine HPV vaccination of adolescents
- (4) describe the recommendations for HPV vaccines in the United States
