Reporting Pathogens: Synonym Search Tool

Starting 2024, Synonyms will no longer be displayed in pathogen dropdown lists. If you cannot find a pathogen on a dropdown list, it might be a Synonym to a Preferred Term on our existing list. Please open the <u>terminology browser application</u> in your web browser and take the following steps if you think the organism you are trying to report could be a Synonym:

- 1. Make sure you are on the "Terminology Search" tab.
- 2. Open the "Select a code set" dropdown list, and then select "NHSN Organisms (2024)".
- 3. Type your term under "Search for".
- 4. Click the "Search" button.
- 5. In the search results, click the term you are searching for.

7. Disregard "Aliases" content in lower left panel (unless you need the NHSN Local Code – see Appendix).

Additional training will be available in mid-January 2024.

If you cannot find a term using our browser, please send an email to the NHSN help desk: <u>nhsn@cdc.gov</u> with the subject line: **Pathogen Codes 2024**.

Appendix

-

The NHSN Local Code can be found in the lower left panel of the Aliases section:
