I'm a year employee from the IBM Endicott facility. I was one of the to
operation in prior to is being put into operation in . From that time until
I was directly involved with the equipment maintenance, and
equipment. In . I was diagnosed with . I was treated with
chemo therapy from of
through . I'm now considered in remission. My immune system has been compromised
from the chemo therapy thus demands frequent checkups/doctor visits for associated medical issues.
