Washington, D.C. 20210

Subject: SEC00060 Notice of Final Effect

Dear Mr. Turcic:

On behalf of the Secretary of the Department of Health and Human Services (HHS), and as required by 42 C.F.R. pt. 83.17(c), I am notifying you of the final effect of the HHS decision to designate a class of employees at the S-50 Oak Ridge Thermal Diffusion Plant, Oak Ridge, Tennessee, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On November 9, 2006, as provided for under 42 U.S.C. 7384q(b), the Secretary of HHS designated the following class of employees as an addition to the SEC:

Employees of the Department of Energy predecessor agencies and their contractors and subcontractors who were monitored or should have been monitored while working at the S-50 Oak Ridge Thermal Diffusion Plant working for a number of work days aggregating at least 250 work days during the period from July 9, 1944, through December 31, 1951, or in combination with work days within the parameters established for one or more other classes of employees in the SEC.

This designation became effective on December 9, 2006, as provided for under 42 U.S.C. 7384l(14)(C). Hence, beginning on December 9, 2006, members of this class of employees, defined as reported in this notice, became members of the SEC.

Sincerely,

for/ Larry J. Elliott, MSPH, CIH
Director

Office of Compensation Analysis and Support
