

## Appendix A-1 Residual Radioactivity Summary

Facility	AWE	BE	DOE	City	State	Listed Period	Designation
b AC Spark Plug	y	y		Flint	MI	1944	This site warrants further investigation.
c Aeroprojects, Inc.	y	y		West Chester	PA	1951-1973	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
a Ajax Magnathermic Corp.	y			Youngstown	OH	1958-1961	Documentation reviewed supports the listed period .
b Alba Craft Shop	y		y	Oxford	OH	1952-1957; DOE 1994-1995 (Decontamination)	This site warrants further investigation.
c Albany Research Center	y		y	Albany	OR	1948-1978 and 1987-1993 (Remediation)	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
c Aliquippa Forge	y		y	Aliquippa	PA	1947-1950 and 1983-1994	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
a Allegheny-Ludlum Steel	y			Watervliet	NY	1950-1952	Documentation reviewed supports the listed period .
b Allied Chemical and Dye Corp.*	y			North Claymont	DE	Early 1950's-Late 1960's	This site warrants further investigation.
b Allied Chemical Corp. Plant	y			Metropolis	IL	1959-1976	This site warrants further investigation.
a Allis-Chalmers Company	y			West Allis, Milwaukee	WI	1943-1944	Documentation reviewed supports the listed period .
b Aluminum Co. of America (ALCOA)	y			New Kensington	PA	1944-1945	This site warrants further investigation.
a Aluminum Company of America (ALCOA)(New Jersey)	y			Garwood	NJ	1944	Documentation reviewed supports the listed period .
c AMCOT	y			Fort Worth	TX	1961-1962	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
b American Bearing Corp.*	y			Indianapolis	IL	1954-1959	This site warrants further investigation.
a American Chain and Cable Co.	y			Bridgeport	CT	1944	Documentation reviewed supports the listed period .
b American Machine & Foundry	y			Brooklyn	NY	1951-1954	This site warrants further investigation.

## Appendix A-1 Residual Radioactivity Summary

Facility	AWE	BE	DOE	City	State	Listed Period	Designation
<p>a= The listed period is appropriate                      b = This site warrants further investigation                      c = Potential residual contamination outside of the listed period</p> <p style="text-align: right;">AWE = Atomic weapons employer facility                      BE = Beryllium vendor facility                      DOE = Department of Energy Facility</p> <p style="text-align: right;">*These sites appear only on the Office of Worker Advocacy website listing. They are not in the Federal Register.</p>							
a American Machine and Metals, Inc.	y			E. Moline	IL	1960	Documentation reviewed supports the listed period .
a American Peddinghaus Corp.	y			Moonachie	NJ	1978	Documentation reviewed supports the listed period .
b American Potash & Chemical	y			West Hanover	MA	Unknown-1961	This site warrants further investigation.
a Anaconda Co.	y			Waterbury	CT	1942; 1956-1959	Documentation reviewed supports the listed period .
a Armco-Rustless Iron and Steel	y			Baltimore	MD	1948	Documentation reviewed supports the listed period .
a Armour Fertilizer Works	y			Bartow	FL	1951-1955	Documentation reviewed supports the listed period .
b Armour Research Foundation	y			Chicago	IL	1957	This site warrants further investigation.
b Arthur D. Little Co.	y			San Francisco	CA	1948-1956	This site warrants further investigation.
c Ashland Oil	y		y	Tonawanda	NY	1944-1960; 1974-1982; DOE-uncertain-1998	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
b Associated Aircraft Tool and Manufacturing Co.	y		y	Fairfield	OH	1956 and 1990's (Remediation)	This site warrants further investigation.
b B & T Metals	y			Columbus	OH	1943	This site warrants further investigation.
b Babcock & Wilcox Company	y			Lynchburg	VA	1959 and 1968-1972	This site warrants further investigation.
b Baker and Williams Co.	y			Newark	NJ	1957-1962	This site warrants further investigation.
b Baker and Williams Warehouses	y		y	New York	NY	1940's and 1992 (DOE Remediation)	This site warrants further investigation.
c Baker Brothers	y		y	Toledo	OH	1943-1944 and 1990-1996 (DOE Remediation)	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
a Baker-Perkins Co.	y			Saginaw	MI	1956	Documentation reviewed supports the listed period .
a Battelle Laboratories- King Avenue	y	y	y	Columbus	OH	1943-1986; BE 1947-1961; DOE 1986-present (remediation)	Documentation reviewed supports the listed period .

## Appendix A-1 Residual Radioactivity Summary

Facility	AWE	BE	DOE	City	State	Listed Period	Designation
a= The listed period is appropriate b = This site warrants further investigation c = Potential residual contamination outside of the listed period AWE = Atomic weapons employer facility BE = Beryllium vendor facility DOE = Department of Energy Facility							
c Battelle Laboratories - West Jefferson	y		y	Columbus	OH	1956-1975; DOE 1986-present (remediation)	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
b Bell Telephone Laboratories	y			Murray Hill	NJ	1943-1944	This site warrants further investigation.
a Bendix Aviation (Pioneer Division)	y			Davenport	IA	1960	Documentation reviewed supports the listed period .
b Besley-Wells	y			South Beloit	WI	1953	This site warrants further investigation.
a Bethlehem Steel	y			Lackawanna	NY	1949-1951	Documentation reviewed supports the listed period .
a Birdsboro Steel and Foundry	y			Birdsboro	PA	1951-1952 and 1962	Documentation reviewed supports the listed period .
c Bliss and Laughlin Steel	y		y	Buffalo	NY	1948-1952 and DOE uncertain-1998 (remediation)	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
b Blockson Chemical Co.	y			Joliet	IL	1952-1962	This site warrants further investigation.
a Bloomfield Tool Co.	y			Bloomfield	NJ	1947; 1951	Documentation reviewed supports the listed period .
a Bowen Laboratory	y			North Branch	NJ	1951	Documentation reviewed supports the listed period .
c Bridgeport Brass Co.	y		y	Adrian	MI	1954-1961; DOE 1988-1995(remediation)	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
b Bridgeport Brass Co., Havens Laboratory	y			Bridgeport	CT	1952-1962	This site warrants further investigation.
b Brush Beryllium Co. (Cleveland)	y	y		Cleveland	OH	1942-1943; 1949-1953	This site warrants further investigation.
b Brush Beryllium Co. (Detroit)	y			Detroit	MI	1940's-1950's	This site warrants further investigation.
a C. G. Sargent & Sons	y			Graniteville	MA	1968	Documentation reviewed supports the listed period .
a C. I. Hayes, Inc.	y			Cranston	RI	1964	Documentation reviewed supports the listed period .
c C.H. Schnoor	y		y	Springdale	PA	1943-1951; DOE 1992-1995 (Remediation)	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
a California Research Corp.	y			Richmond	CA	1948-1949	Documentation reviewed supports the listed period .
b Callite Tungsten Co.	y			Union City	NJ	1944	This site warrants further investigation.

## Appendix A-1 Residual Radioactivity Summary

Facility	AWE	BE	DOE	City	State	Listed Period	Designation

b University of Chicago	y		y	Chicago	IL	1942-1952; DOE 1984-1987 (remediation)	This site warrants further investigation.
b University of Denver Research Institute	y	y		Denver	CO	1963-1965	This site warrants further investigation.
b University of Florida	y			Gainesville	FL	1950's-1960's	This site warrants further investigation.
a University of Michigan	y			Ann Arbor	MI	1944	Documentation reviewed supports the listed period .
a University of Rochester Medical Laboratory	y	y		Rochester	NY	1943 -1986	Documentation reviewed supports the listed period .
b University of Virginia	y			Charlottesville	VA	early 1940's; 1960's	This site warrants further investigation.
a Utica St. Warehouse	y			Buffalo	NY	1945	Documentation reviewed supports the listed period .
c Ventron Corporation	y		y	Beverly	MA	AWE 1942 -1948; DOE 1986 - 1988	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
c Virginia - Carolina Chemical Corp.	y			Nichols	FL	1952 - 1957	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
b Vitro Corp. of America (New Jersey)	y			West Orange	NJ	1951-early 1960's	This site warrants further investigation.
b Vitro Corporation of America (Tennessee)	y	y		Chattanooga	TN	1957-uncertain	This site warrants further investigation.
b Vitro Manufacturing Company (Canonsburg)	y			Canonsburg	PA	1942-1957	This site warrants further investigation.
a Vulcan Tool Co.	y			Dayton	OH	1959	Documentation reviewed supports the listed period .
b W.E. Pratt Manufacturing Co.	y			Joliet	IL	1943-1946	This site warrants further investigation.
b W.R. Grace (Tennessee)	y			Erwin	TN	1958-1969	This site warrants further investigation.
b W.R. Grace and Company (Maryland)	y			Curtis Bay	MD	1955-1958	This site warrants further investigation.

## Appendix A-1 Residual Radioactivity Summary

Facility	AWE	BE	DOE	City	State	Listed Period	Designation
c W.R. Grace Co., Agricultural Chemical Div. (Florida)	y			Ridgewood	FL	1954	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.

a= The listed period is appropriate

b = This site warrants further investigation

c = Potential residual contamination outside of the listed period

AWE = Atomic weapons employer facility

BE = Beryllium vendor facility

DOE = Department of Energy Facility

b Wah Chang	y			Albany	OR	1956-1959;1971-1972	This site warrants further investigation.
a Wash-Rite	y			Indianapolis	IN	1953-1954	Documentation reviewed supports the listed period .
b Watertown Arsenal	y			Watertown	MA	1946-1952;1953-1957	This site warrants further investigation.
c West Valley Demonstration Project	y		y	West Valley	NY	AWE 1966-1972; DOE 1980-present	Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period.
b Westinghouse Atomic Power Development Plant	y			East Pittsburgh	PA	1941-1944	This site warrants further investigation.
b Westinghouse Electric Corp. (New Jersey)	y			Bloomfield	NJ	1941-1943	This site warrants further investigation.
b Woburn Landfill	y			Woburn	MA	1955-1960	This site warrants further investigation.
b Wolff-Alport Chemical Corp.	y			Brooklyn	NY	1949 - 1950	This site warrants further investigation.
b Wolverine Tube Division	y	y		Detroit	MI	1943-1946	This site warrants further investigation.
a Wyckoff Drawn Steel Co.	y			Chicago	IL	1943	Documentation reviewed supports the listed period .
a Wykoff Steel Co.	y			Newark	NJ	1950	Documentation reviewed supports the listed period .

a= The listed period is appropriate

b = This site warrants further investigation

c = Potential residual contamination outside of the listed period

AWE = Atomic weapons employer facility

BE = Beryllium vendor facility

DOE = Department of Energy Facility
