

Appendix B-1 Residual Beryllium Summary

| Facility | AWE | BE | DOE | City | State | Listed Period | Designation |
|---|-----|----|-----|---------------|-------|--|---|
| c AC Spark Plug | y | y | | Flint | MI | 1944 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Aeroprojects, Inc. | y | y | | West Chester | PA | 1951-1973 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| b American Beryllium Co. | | y | | Sarasota | FL | 1968;1980s | This site warrants further investigation. |
| a Battelle Laboratories- King Avenue | y | y | y | Columbus | OH | 1943-1986; BE 1947-1961; DOE 1986-present (remediation) | Documentation reviewed supports the listed period . |
| c Beryllium Corp. of America-Hazelton | | y | | Hazelton | PA | 1943-1979 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Beryllium Corp. of America-Reading | | y | | Reading | PA | 1947-1979 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| b Beryllium Metals and Chemical Corp. | | y | | Bessemer City | NC | 1960s | This site warrants further investigation. |
| a Beryllium Production Plant-Brush Luckey Plant | y | y | | Luckey | OH | Beryllium Vendor, 1949-1959; Department of Energy, 1949-1961; 1992-present (remediation) | Documentation reviewed supports the listed period . |
| c Brush Beryllium Co.-Cleveland | | y | y | Cleveland | OH | Atomic Weapons Employer, 1942-1943; 1949-1953: Beryllium Vendor, 1943-1967 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| a Brush Beryllium Co.-Elmore | | y | | Elmore | OH | 1957-2001 | Documentation reviewed supports the listed period . |
| c Brush Beryllium Co.-Lorain | | y | | Lorain | OH | 1943-1948 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |

a= The listed period is appropriate

b = This site warrants further investigation

= Potential residual contamination outside of the listed period

c

AWE = Atomic weapons employer facility

BE = Beryllium vendor facility

DOE = Department of Energy Facility

Appendix B-1 Residual Beryllium Summary

| Facility | AWE | BE | DOE | City | State | Listed Period | Designation |
|---|-----|----|-----|----------------------------|-------|---|---|
| c Burns & Roe, Inc. | | y | | Maspeth | NY | 1949 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Ceradyne, Inc. | | y | | Santa Ana | CA | 1977-1988 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Clifton Products Co | | y | | Painesville | OH | 1940-1952 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| b Connecticut Aircraft Nuclear Engine Laboratory - CANEL | y | y | | Middletown | CT | Beryllium Vendor; Department of Energy, 1958-1965 | This site warrants further investigation. |
| c Coors Porcelain | | y | | Golden | CO | 1947 - 1975 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| a Energy Technology Engineering Center (Atomics International/Rocketdyne) | y | y | y | Santa Susana (Canoga Park) | CA | Atomic Weapons Employer, 1948-1955; Beryllium Vendor, 1959-1966; DOE 1955-present (remediation) | Documentation reviewed supports the listed period . |
| c Fansteel Metallurgical Corp. | | y | | North Chicago | IL | 1944 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| b Foote Mineral Co. | y | y | | East Whiteland Twp. | PA | AWE 1940s-1991, BE 1947-uncertain | This site warrants further investigation. |

a= The listed period is appropriate
 b = This site warrants further investigation
 = Potential residual contamination outside of the listed period

c

AWE = Atomic weapons employer facility
 BE = Beryllium vendor facility
 DOE = Department of Energy Facility

Appendix B-1 Residual Beryllium Summary

| Facility | AWE | BE | DOE | City | State | Listed Period | Designation |
|--|-----|----|-----|---------------------|-------|---|---|
| b Franklin Institue | | y | | Boston | MA | 1962 | This site warrants further investigation. |
| c General Astrometals | | y | | Yonkers | NY | 1963 - 1965 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c General Atomics | y | y | y | La Jolla | CA | Atomic Weapons Employer, 1960-1969; Beryllium Vendor, uncertain; DOE, 1996-1999 (remediation) | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| b General Electric Company (Ohio) | y | y | y | Cincinnati/Evendale | OH | 1961-1970 | This site warrants further investigation. |
| c Gerity-Michigan Corp | | y | | Adrian | MI | 1949 - 1950s | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| a Kansas City Plant | y | y | | Kansas City | MO | 1949-present | Documentation reviewed supports the listed period . |
| c Kettering Laboratory, University of Cincinnati | | y | | Cincinnati | OH | 1947 - 1950 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Ladish Co. | | y | | Cudahy | WI | 1959 - 1965 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Massachusetts Institute of Technology | y | y | | Cambridge | MA | 1942-1963 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c McDanel Refractory Co. | | y | | Beaver Falls | PA | 1940s | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |

a= The listed period is appropriate

b = This site warrants further investigation

= Potential residual contamination outside of the listed period

c

AWE = Atomic weapons employer facility

BE = Beryllium vendor facility

DOE = Department of Energy Facility

Appendix B-1 Residual Beryllium Summary

| Facility | AWE | BE | DOE | City | State | Listed Period | Designation |
|--|-----|----|-----|--------------|-------|--|---|
| c National Beryllia | | y | | Haskell | NJ | 1968 - 1973 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Norton Co. | y | y | | Worcester | MA | 1943-1961 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Nuclear Materials and Equipment Corp. (NUMEC) (Apollo) | y | y | | Apollo | PA | late 1950's-1983 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Nuclear Metals, Inc. | y | y | | West Concord | MA | Beryllium Vendor, 1954-1986; Atomic Weapons Employer, 1954-1960 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Revere Copper and Brass | y | y | y | Detroit | MI | Atomic Weapons Employer, 1943-1950s; Beryllium Vendor, 1946-1950 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Speedring Systems, Inc | | y | | Detroit | MI | Beryllium Vendor, 1963: 1968 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Speedring Systems, Inc | | y | | Culman | AL | Beryllium Vendor, 1971-1998 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Sylvania Corning Nuclear Corp - Bayside Laboratories | y | y | | Bayside | NY | Atomic Weapons Employer; Beryllium Vendor, 1947-1962 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Trudeau Foundation | | y | | Saranac Lake | NY | Beryllium Vendor 1950-1957 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |

a= The listed period is appropriate

b = This site warrants further investigation

= Potential residual contamination outside of the listed period

c

AWE = Atomic weapons employer facility

BE = Beryllium vendor facility

DOE = Department of Energy Facility

Appendix B-1 Residual Beryllium Summary

| Facility | AWE | BE | DOE | City | State | Listed Period | Designation |
|--|-----|----|-----|------------------------|-------|--|---|
| c U.S. Pipe and Foundry | | y | | Burlington | NJ | 1943 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c United Lead Co. | y | y | | Middlesex | NJ | 1950-1957 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| b University of Denver Research Institute | y | y | | Denver | CO | Atomic Weapons Employer; Beryllium Vendor, 1963-1965 | This site warrants further investigation. |
| c University of North Carolina | | y | | Chapel Hill | NC | 1949 - 1954 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| b Vitro Corporation of America (Tennessee) | y | y | | Chattanooga | TN | 1957-uncertain | This site warrants further investigation. |
| c Wolverine Tube Division | y | y | | Detroit | MI | 1943-1946 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |
| c Wymann-Gordon Inc. | | y | | Grafton, North Grafton | MA | 1959 - 1965 | Documentation reviewed indicates that there is potential for significant residual contamination outside of the listed period. |

a= The listed period is appropriate
 b = This site warrants further investigation
 = Potential residual contamination outside of the listed period

c

AWE = Atomic weapons employer facility
 BE = Beryllium vendor facility
 DOE = Department of Energy Facility
