

# Immunization Update, 2011

Live Satellite Broadcast and Webcast

## Thursday, August 4, 2011

A National Center for Immunization and Respiratory Diseases (NCIRD) Satellite Broadcast and Webcast

**9:00 am to 11:30 am Eastern Time** (satellite broadcast course number: **SB1912**; webcast course number **WC1912**)

**12:00 noon to 2:30 pm Eastern Time** (satellite broadcast course number: **SB1913**; webcast course number **WC1913**)

**Program website:** <http://www.cdc.gov/vaccines/ed/imzupdate/default.htm>

### Program Description

This live broadcast and webcast is CDC's annual update on the most recent and significant developments in the rapidly changing field of immunization. Anticipated topics include influenza, meningococcal, zoster, Tdap, and human papillomavirus vaccines. Other emerging issues will be discussed, including the latest information from the June 2011 meeting of the Advisory Committee on Immunization Practices (ACIP). The 2.5-hour broadcast will occur live from 9:00 am to 11:30 am and will be re-broadcast that day from 12:00 noon to 2:30 pm (ET). Both broadcasts will feature a live question-and-answer session in which participants nationwide can interact with the course instructors via e-mail and fax.

### Goal

To improve immunization knowledge and practices in the United States.

### Objectives

After this program, participants will be able to:

- List two recent immunization recommendations made by the Advisory Committee on Immunization Practices (ACIP).
- Describe two emerging immunization issues.
- Locate resources relevant to current immunization practice.
- Obtain, assess and apply patient information to determine the need for immunization.

### Intended Audience

Immunization providers (physicians, nurses, nurse practitioners, physician assistants, DoD paraprofessionals, pharmacists, health educators, residents, and medical and nursing students) and their colleagues who either administer vaccines or set policy for their offices, clinics, communicable disease or infection control programs.

### Presenters

**Andrew Kroger**, MD, MPH; **Donna Weaver**, RN, MN; and **JoEllen Wolicki**, BSN, RN; NCIRD, Centers for Disease Control and Prevention and other guest experts.

### Continuing Education Information

Continuing education (CE) for this activity is pending. The Centers for Disease Control and Prevention is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

To receive CE credit, you must register for credit using the CDC/ATSDR Training and Continuing Education Online System and complete the course evaluation found at <http://www2a.cdc.gov/TCEOnline/>.

### Broadcast Registration

For those hosting or participating at a satellite broadcast location, site registration begins on June 9, 2011 and individual registration begins on July 7, 2011.

To register to attend the broadcast at a specific location, or to search for available locations, visit the CDC/ATSDR Training and Continuing Education Online System at <http://www2a.cdc.gov/TCEOnline/>.

Each broadcast will be available on C and Ku-bands. Coordinates are available at the program website about two weeks before the broadcast.

For questions about satellite broadcast registration, call 800-41-TRAIN or e-mail [ce@cdc.gov](mailto:ce@cdc.gov). For questions regarding program content, please e-mail [nipinfo@cdc.gov](mailto:nipinfo@cdc.gov).

### Webcast Information

Registration is not required to view the webcast. The webcast will be available on the program website <http://www.cdc.gov/vaccines/ed/imzupdate/default.htm>.

An archive of the program will be available online at <http://www.cdc.gov/vaccines/ed/imzupdate/default.htm>.

### Self-Study after the Broadcast

This program will be edited and made available as a self-study program 4 to 6 weeks after the broadcast. It will be available in DVD and web-on-demand formats.

Visit the NCIRD education website <http://www.cdc.gov/vaccines/ed> in September to learn more.

### Sponsor

This program is produced by the Centers for Disease Control and Prevention.
