Are you asking for it?

If you're not asking for the **Vaccines** you need,

you just might be asking for something you really don't want—

like a serious infection or long-term health problems.

To find out more about adult vaccines, take the

CDC Adult Vaccine Quiz

www.cdc.gov/nip/foradults

This **30-second quiz** gives you a list of vaccines that could help you the most. Take the quiz, then talk to your healthcare provider about the results.

And make sure you ask for what you need.
