

Eastern equine encephalitis virus neuroinvasive disease average annual incidence by county, 2004–2013

Source: ArboNET, Arboviral Diseases Branch, Centers for Disease Control and Prevention

Data Table: This map shows the distribution of Eastern equine encephalitis virus neuroinvasive disease (encephalitis and/or meningitis) average annual incidence by county from 2004 through 2013. Counties are shaded according to incidences ranging from less than 0.20, 0.20 to 0.49, and greater than 0.50 per 100,000 population. Shaded counties are primarily distributed along the Gulf Coast, Eastern seaboard, and the Great Lakes.
