

## **H1N1 Flu Awareness PSA “Community” (:30)**

Health officials are concerned about 2009 H1N1 flu spreading from person-to-person. Officials are acting to combat this threat, but the outbreak could grow. Prepare now. Check with local leaders, schools, employers, and other community groups about their plans regarding an outbreak in your community. It's important for everyone to know what to do about this flu. For details, visit [flu.gov](http://flu.gov) or call 1-800-CDC-INFO.

A message from HHS.
