Public reporting burden for this collection of information is estimated to average 60 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, Mailstop D-24, Atlanta, GA 30333; Attention PRA (0920-0445).

Special Instructions

1. This questionnaire focuses on your state practices and policies.
2. When we use the word “policy,” we mean any mandate issued by the state school board, state legislature, or other state agency that affects the environment in schools throughout your state. Please consider any policies officially adopted at the state level. These include policies developed by your state, or those based on model policies developed elsewhere.
3. We recognize that there may be some exceptions to the policies, but please answer the questions based on what is customary in your state. Please do not consider district or school practices or policies when answering the questions. (We will ask about district and school practices and policies when we collect information from districts and schools across the country.)
4. If you would like more information about this study or would like clarification of any questions in this survey, please call Tim Smith at 1-800-647-9664, extension 6095.
