**The World Trade Center (WTC)
Health Program** is a limited federal
health care program that provides
medical monitoring and treatment for
conditions that are certified as related to
a member's exposure on 9/11. You could
be eligible for health care related to
certified WTC-related health conditions
at no out-of-pocket cost if you survived
or responded to 9/11 in New York City,
or responded to the Pentagon and the
Shanksville, Pennsylvania sites.

About the Program

What we do:

The WTC Health Program provides no-cost health care benefits to eligible members enrolled as either a Responder or Survivor. These benefits provide medical monitoring and treatment for 9/11-related health conditions. These benefits include:

Pharmacy

Medical monitoring and treatment

Mental health care

Diagnostic services

Cancer screenings

Who we serve:

The WTC Health Program is dedicated to reaching the over 400,000 people estimated to be affected by 9/11 who may be eligible for coverage.

Responder

Responded to, worked, or volunteered in the response and recovery of 9/11.

Survivor

Lived, worked, or went to school or daycare in the NYC Disaster Area, or were present in the dust or dust cloud during or following 9/11.

Where you get care:

As a member, you may receive care at a Clinical Center of Excellence (CCE) in the New York metropolitan area or through a Nationwide Provider Network (NPN) across the country.

CCE

If you live in the NY metropolitan area, you will be assigned to a CCE.

NPN

Members who live outside the NY metropolitan area can see WTC Health Program Participating Providers for their WTC-related health care across the country.

Currently enrolled in the WTC Health Program:

Over
143,000
Members

Over
88,000
Responders

Almost
55,000
Survivors

All statistics are current as of March 31, 2026.

How do I join?

If you are eligible, you can apply to the Program by mail or online. Applications and application instructions are available at
