

**WE'RE  
DOING  
IT**  
Testing for **HIV**

#DoingIt

# YOUR #DOINGIT CHECKLIST:

- ✓ **Get tested for HIV.** CDC recommends that everyone get tested for HIV at least once as part of routine health care and that people with certain risk factors get tested more often. Visit [cdc.gov/DoingIt](https://www.cdc.gov/DoingIt) to find a testing facility near you, learn facts about HIV, and how HIV is affecting our communities.
- ✓ **Encourage others to get tested.** Among all women diagnosed with HIV in 2014, an estimated 62% were African American.
- ✓ **Join the #DoingIt movement.** Visit [cdc.gov/DoingIt](https://www.cdc.gov/DoingIt) to download free materials and resources to share with your network and community.
