

GET BOTH DOSES OF THE COVID-19 VACCINE

Be sure to get both doses of the COVID-19 vaccine

1 Don't forget your COVID-19 vaccination card!

When you get your second shot, bring your vaccination card with you.

2 You are fully vaccinated 2 weeks after your 2nd shot!

COVID-19 vaccines teach your immune systems how to recognize and fight the virus that causes COVID-19.

3 Get protected

COVID-19 vaccines protect you better when you get BOTH shots.

Get your second dose so you are **fully protected**.
