Section 2: Informed Consent

INFORMED CONSENT
Before we continue, I’d like you to know that this survey is authorized by the U.S. Public Health Service Act.

You were selected to participate in this study about asthma because of your responses to questions in a prior survey.

[If “yes” to lifetime (“Have you ever been told by a doctor, nurse, or other health professional that you had asthma?”) and “no” to current (“Do you still have asthma?”) in core BRFSS survey, read:] Your answers to the asthma questions during the earlier survey indicated that a doctor or other health professional told you that you had asthma sometime in your life, but you do not have it now. Is that correct?

(IF “YES,” READ TEXT BELOW; IF “NO,” Go to REPEAT (2.0)) Since you no longer have asthma, your interview will be very brief (about 5 minutes). You may choose not to answer any question you don’t want to answer or stop at any time. In order to evaluate my performance, my supervisor may listen as I ask the questions. I’d like to continue now unless you have any questions. [Go to section 3]

[If “yes” to lifetime and “yes” to current in core BRFSS survey, read:] Your answers to the asthma questions in the earlier survey indicated that that a doctor or other health professional told you that you had asthma sometime in your life, and that you still have asthma. Is that correct?

1.5 Hello, my name is ________________. I’m calling on behalf of the {state name} state health department and the Centers for Disease Control and Prevention about an asthma study we are doing in your state. During a recent phone interview you indicated that {sample child’s name} had asthma and that you would be able to complete the follow-up interview on {sample child’s name} asthma at this time.

ALTERNATE (no reference to asthma):

Hello, my name is ________________. I’m calling on behalf of the {state name} state health department and the Centers for Disease Control and Prevention about a health study we are doing in your state. During a recent phone interview you indicated that you would be able to complete a follow-up interview on {sample child’s name} at this time.

If respondent requests transfer to another person (parent/guardian) who is more knowledgeable about the child’s asthma use code 2 below:  
(1) BRFSS respondent will continue  
(2) Alternate respondent will continue
INFORMED CONSENT

Before we continue, I’d like you to know that this survey is authorized by the U.S. Public Health Service Act. {Child’s name} was selected to participate in this study about asthma because of your responses to questions about his or her asthma in a prior survey.

[If responses for sample child were “yes” to lifetime (“Have you ever been told by a doctor, nurse, or other health professional that you had asthma?”) and “no” to current (“Do you still have asthma?”) in core BRFSS survey, read:] The answers to asthma questions during the earlier survey indicated that a doctor or other health professional said that {child’s name} had asthma sometime in {his/her} life, but does not have it now. Is that correct?

(IF “YES,” READ TEXT BELOW; IF “NO,” Go to REPEAT (2.0)) Since {child’s name} no longer has asthma, your interview will be very brief (about 5 minutes). You may choose not to answer any question you don’t want to answer or stop at any time. In order to evaluate my performance, my supervisor may listen as I ask the questions. I’d like to continue now unless you have any questions.

[Go to section 3]

[If responses for sample child were “yes” to lifetime and “yes” to current in core BRFSS survey, read:] Answers to the asthma questions in the earlier survey indicated that a doctor or other health professional said that {child’s name} had asthma sometime in his or her life, and that {child’s name} still has asthma. Is that correct?

(IF “YES,” READ TEXT BELOW; IF “NO,” Go to REPEAT (2.0)) Since {child’s name} has asthma now, your interview will last about 15 minutes. You may choose not to answer any question you don’t want to answer or stop at any time. In order to evaluate my performance, my supervisor may listen as I ask the questions. I’d like to continue now unless you have any questions.

[Go to section 3]

REPEAT (2.0) If BRFSS core respondent: Check if correct person from core survey is on phone. Ask “is this {sample person’s name} and are you {sample person’s age} years old. If yes, continue. If not the correct respondent, ask to speak to that person, and start over at section 1.

If alternate adult (from 1.3) or correct BRFSS respondent read: I would like to repeat the questions from the previous survey now to make sure {sample child’s name} qualifies for this study.
