{Child's name} was selected to participate in this study about asthma because of your responses to questions about his or her asthma in a prior survey.

Since {child's name} no longer has asthma, your interview will be very brief (about 5 minutes). You may choose not to answer any question you don't want to answer or stop at any time. In order to evaluate my performance, my supervisor may listen as I ask the questions. I'd like to continue now unless you have any questions. **[Go to section 3]**
