Our study requires that we interview only one person who lives in your household.
How many members of your household, including yourself, are 18 years of age or older?

How many are men and how many are women?

Who is the oldest man who presently lives in this household?
Who is the next oldest man who presently lives in this household? Etc.

Who is the oldest woman who presently lives in this household?
Who is the next oldest woman who presently lives in this household? Etc.

The person in your household that I need to speak with is______________________________.

If “you,” go to page 3.

To correct respondent

Hello, I’m______________________________, calling for the _______________________. I’m a member of a special research team. We’re doing a study of_________________ residents regarding their health practices and day-to-day living habits. You have been randomly chosen to be included in the study from among the adult members of your household.
The interview will only take a short time, and all the information obtained in this study will be confidential. First, I’d like to begin by asking you about using seat belts.

**Section A: Seat Belts**

1. How often do you use seat belts when you drive or ride in a car?
