Are you the picture of health?

“If you’re 50 or older, make sure you really are the picture of health. Get screened for colorectal cancer.”

Katie Couric, Co-Founder
EIF’s National Colorectal Cancer Research Alliance

Colorectal Cancer is the second leading cancer killer in the U.S., but it doesn’t have to be.

Screening can find precancerous polyps so they can be removed before they turn into cancer.

If you’re 50 or older, get screened for colorectal cancer.

Screening saves lives.
