

# How to make water safe using Dlo Lavi®

Dlo Lavi®

U.S. Department of  
Health and Human Services  
Centers for Disease  
Control and Prevention

## Warnings

**No covered container? Drink and use water on the same day it was treated.**

Do not use your hands, a cup, or other object to take water out of the container.

Do not drink water that has not been treated.

No spigot on the container? Pour water from the container into a clean cup.
