

CDC's Strategic Priority-Strengthening Public Health-Healthcare Collaboration

- **In addition to the examples given in the presentations by Dr. Sautter and Dr. MacCannell, what other examples of collaboration between public health/healthcare are you aware of or can you anticipate with respect to laboratory testing?**
- **What barriers exist that prevent collaboration?**
- **How can the collaborative relationships that exist between these critical laboratory partners be strengthened?**
- **Are there other approaches to consider for strengthening existing public health/healthcare relationships or creating new ones?**
