

**Approximate geographic distribution of *Dermacentor andersoni* ticks and
counties of residence for confirmed and probable Colorado tick fever (CTF)
virus disease cases, United States, 2010–2019**

*All cases were acquired in states where local transmission of CTF virus has been reported previously.

**Derived from James AM, Freier JE, Keirans JE, Durden LA, et al. Distribution, seasonality, and hosts of the Rocky Mountain wood tick in the United States. J Med Entomol 2006; 43:17–24.
