Dear contact lens wearer, you only have one pair of eyes so take care of them!

When it comes to wearing contacts, healthy habits mean healthy eyes. Follow these tips to help prevent eye infections.

YOUR EYE DOCTOR

- Visit your eye doctor once a year—or more often if needed.
- Ask questions about how to care for your lenses and case.
- Take out your contacts and call your eye doctor if you have eye pain, red eyes, or blurred vision.

ALWAYS BE PREPARED!

 Carry a pair of glasses in case you need to take out your contacts.
