During International Airport Travel (45 Seconds)

This is a message from the Centers for Disease Control and Prevention. Travel increases your chance of getting and spreading COVID-19. Take steps to protect yourself and others:

- Wear a mask that completely covers your nose and mouth. Masks are required on planes, buses, trains, and other forms of public transportation traveling into, within, or outside of the US and in US transportation hubs such as airports and stations.
- Stay at least 6 feet away from others;
- Wash your hands often; and
- Watch for symptoms of COVID-19.

When traveling back to the US, you must show a negative COVID-19 test result or have documentation of recovery from COVID-19 before boarding your flight back to the US.

Visit cdc dot gov slash COVID19 travel to learn more about travel requirements and recommendations.
