Go through the attached file for a visual representation of the data related to the COVID-19 pandemic. Each graph shows the number of new cases reported from August 3 to October 26, with predictions from various models and intervals for forecasts. The data is presented for different counties in Colorado, with specific models contributing to each forecast. For detailed information, visit the CDC's website: https://www.cdc.gov/coronavirus/2019-ncov/cases-updates/forecasts-cases.html.
