Kalkaska County, Michigan
Update: 2020−11−09

The charts show the reported new cases of COVID-19 in various counties in Michigan. The x-axis represents the dates from September 15 to December 1, while the y-axis represents the number of new cases. The data is presented for each county with a color-coded legend indicating different models and data sets used. The charts also include inner and outer bands representing 50% and 95% prediction intervals, respectively. The update link provided is to the CDC's forecasts page.
