Screen people experiencing homelessness and shelter staff daily for symptoms* of COVID-19

No symptoms

Continue regular services and daily screening for symptoms*

Staff actions:
- Provide masks

Mild symptoms

- Fever
- New or worsening cough
- Other COVID-19 symptoms*

Staff actions:
- Provide masks
- Notify management and appropriate healthcare providers
- Direct client to an isolation room, if available
- If areas where these clients can stay are not available in the facility, facilitate transfer to a quarantine site

Advise the client to:
- Cover their cough; provide tissues
- Remain in their room/the symptomatic area except to use the restroom
- Wear a mask if they leave their room/the symptomatic area
- Wash their hands often or use hand sanitizer that contains at least 60% alcohol

Severe symptoms

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face

Follow standard protocols for medical emergencies

*Symptoms of COVID-19 may include: fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea
